PROFILE

Passionate Junior UI/UX Designer with a strong foundation in Figma and a growing expertise in designing intuitive interfaces for AI and conversational applications. Skilled in wireframing, prototyping, and creating responsive, component-based designs that enhance usability and engagement. Excited about blending creativity with emerging technologies to craft seamless, human-centered digital experiences. Eager to collaborate, learn, and contribute to innovative projects that make technology feel more natural and accessible.

EDUCATION

Bachelor of Computer Engineering   Kathmandu, Nepal
Advanced College of Engineering And Management
Expected in October 2026

EXPERIENCE

UI/UX Designer   08/2025 – 10/2025
Personal & Freelance Projects   Kathmandu, Nepal
Worked on multiple mobile and web design projects focusing on user-   (Remote)
centered, responsive, and accessible interfaces. Designed and prototyped apps including an AI Assistant app, e-learning dashboard, and e-commerce redesign using Figma. Conducted user flow mapping, wireframing, and usability testing to ensure seamless interaction and visual consistency. Applied design thinking methods and principles learned from the Google UX Design Professional Certificate on Coursera.
